Creating Orders

Your new Healthxchange e-pharmacy™

The e-pharmacy allows you to build orders in 3 different ways. This document will take you through the steps required to create each of these types of order.

Remember when you order you can create orders for multiple patients on the same order, avoiding multiple delivery charges.

NEW

**IMPROVED DESIGN
LETTING YOU FOCUS
ON YOUR PATIENTS**

Order Types

- Prescription Orders
- Mixed orders (POM & POM Stock)
- Stock Only Orders

Creating Orders: Prescription & POM Stock

1. Click on **Order Builder** in the main navigation bar at the top of the site

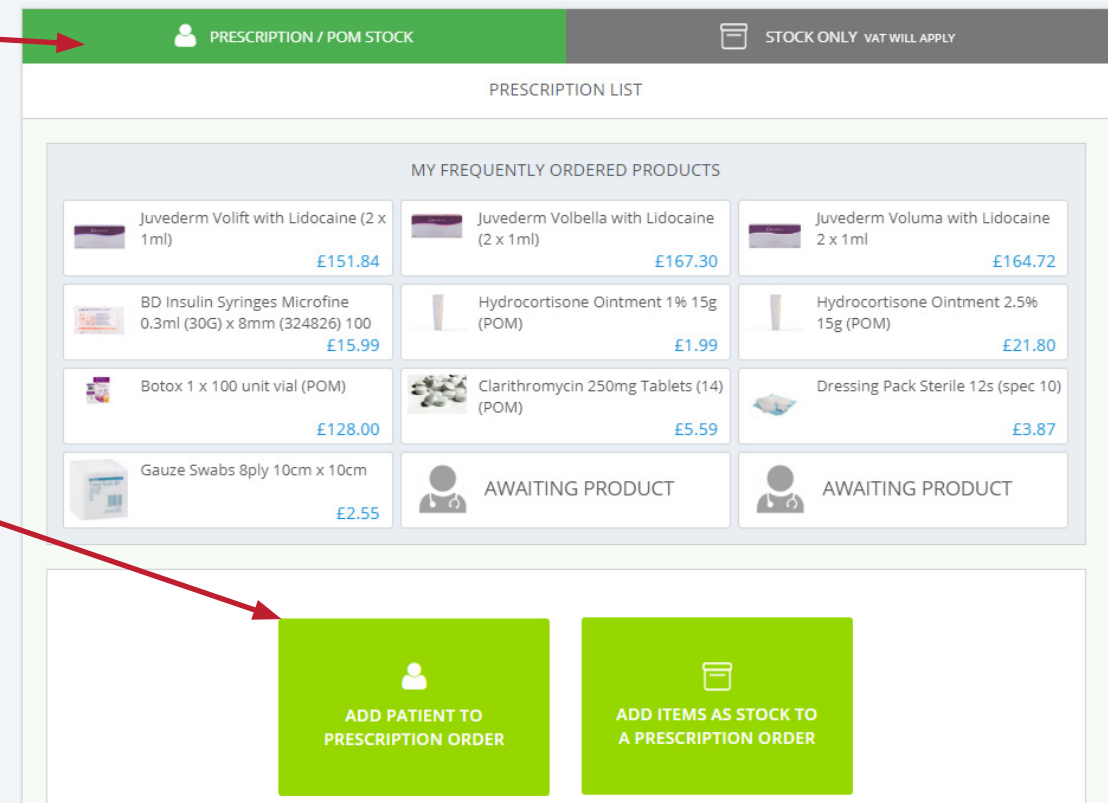

2. The first choice is to decide what type of order you are creating and click on the corresponding tab at the top of the Order Builder.

- **Prescription/POM Stock**
- **Stock Only**

In this example Prescription/POM stock is selected.

3. Click on the **ADD PATIENT TO PRESCRIPTION ORDER** button to add your first patient. From this box you can search for a patient and add them to the order

4. Type the patient name you want to find. The more you type the more results will appear under the search field. Click on the patient name to add them to your order.

5. All patients that match your search will be displayed showing their Date of Birth. Click on the patient you want to create the order for.

6. If your patient hasn't been added to your account yet, click on **+ADD NEW PATIENT**. You will then be taken to a form where you can fill in your new patients details. Once you have added this new patient, search for them as in steps 4 & 5 and click to add them to the order.

The screenshot shows the 'ORDER BUILDER' interface. At the top, there are two tabs: 'PRESCRIPTION / POM STOCK' (active) and 'STOCK ONLY VAT WILL APPLY'. Below the tabs is a navigation bar with a back arrow and the text 'ASSIGN PATIENT TO PRESCRIPTION'. A search bar contains the text 'David'. Below the search bar, a list of search results is shown, with 'David Smith' highlighted. At the bottom of the screen, there is a button labeled '+ ADD NEW PATIENT'.

7. A new order will have opened when you clicked on the patient name in step 5, with the patient name highlighted at the top of the order.

8. You can now add products to this patient in this order. Choose from either **MY FREQUENTLY ORDERED PRODUCTS**

OR

search for a product by using the **Quick Search box**. As you type all products matching your search will appear. This list of products will gradually reduce the more you type. Click on the product you need for it to be added to this order for the patient named at the top of the order.
